1550 Maidu Dr., Rsvl

9:00am TO 12:00pm

Mulch Conserves Water!

It keeps the soil moist and slows evaporation allowing water to sink into the soil, moderating soil temperature.

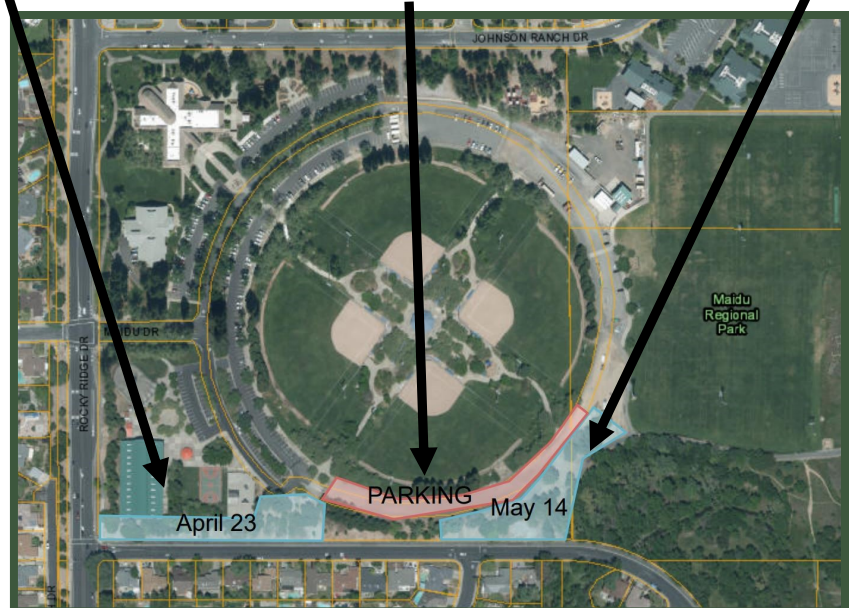

Mulch breaks down into nutrients for plants.

Safety: Bring , gloves, water, snacks, and sun protection. Wear closed-toe shoes and maintain 6 feet of distance as much as possible. We kindly ask that volunteers who are feeling ill in any form wait until they are fully recovered to participate in RUFF events.
